## MINUTES OF BLACKFOOT M. D. MEETING

At the November meeting of the Blackfoot M. D. Council there were present: Reeve Thorsen, Deputy Reeve Maynard and Councilors: Mrs. Deaschke, Umlauf and Whelan. Deputy Reeve Maynard reported on the 4th inst. he had met Mr. Dow, of the Alberta Government Telephone, at Calgary and that together they checked over the telephone poles that had been erected on the two miles of district highway north of Calgary. They counted 20 poles that had been erected by the road construction and that he would recommend that the account submitted be paid. Com Deaschke carried the motion that the account for the erecting of 20 poles in question of \$14.88 be paid.

Com. Whelan: That we reiterate our previous decision that our inspectors recommend that a meter allowance be made to Mrs. Whelan, at \$5 per month, be approved.—Carried.

The secretary reported the following:

That he had advised Mr. Carl Sheets that he was the successful bidder for the twenty foot bridge over the old road diversion on the north west 20 of 22.

That a copy of the minutes of the Blackfoot meeting of October 21st had been received.

That Premier Brundage had replied to the report of that meeting, after mentioning, for free freight on coal.

"The Government has been receiving similar resolutions from other parts of the province and I should probably call your attention to the fact that any attempt to put a scheme of this kind into effect without discrimination, throughout the province would involve the Government in an expenditure of two million dollars, a part entirely from any other scheme for relief which have been suggested and should be considered."

That application for the additional \$1,000 grant for relief roadwork to be expended on the district highway north of section 13 and 14 is 24-25-26 has been approved.

Com. Whelan: That the request be made to be placed on the properties to be offered for sale by Public Auction on December 19th, 1930, under the provisions of the Tax Recovery Act 1929, shall be the assessed value of the land plus the value of the improvements thereon. The terms of sale will be: On accounts of \$25 and under in respect to any one parcel cash. On accounts in excess of \$25 in respect to any one parcel, one-third cash and two equal installments in respect to twenty-four months with interest at the rate of six per cent.

The assessor shall appraise the improvements upon the lands to be offered for sale.—Carried.

Com. Deaschke: That Mr. Harry Buckley be appointed returning officer for the Municipality for the elections to be held on the 4th August, 1931, and February, 1931, and the following person be appointed as returning officers for the divisions named, and that polls be opened at the places noted in each division: For Division No. 1, E. Nohr as deputy returning officer at Wheatfield school.

For Division No. 2, W. E. Thompson as deputy returning officer at the municipal office at Gleichen. For Division No. 3, that two polls be established at Division No. 2, that the said Division No. 3 be divided north of sections 7, 8, 9, 10, 11 and 12 in Block 24, range 21, for this purpose. Poll No. 1 for the southern portion shall be opened at Plog's school with W. E. Rogers as deputy returning officer and poll No. 2 for this northern portion, shall be opened at Chandler school with H. Boyden as deputy returning officer and poll No. 3.

It was then moved and carried: Com. Maynard that the accounts and minutes be signed by the Mayor and the minutes be passed and entered in the minutes book.—Carried.

Letters from two residents making application to this municipality be

## "THE MIGHTY" IS A REAL THRILLER

Gleichen Com. Hall  
Coming Saturday Night

If any of you harbor the least doubt that Paramount's New Show World attractions do not live up to that slogan, just attend the Gleichen Community Hall on Saturday night and thrill to George Bancroft in the action hit, "The Mighty." "The Mighty" possesses rare quality action and a logical story.

Somebody is the post war gunner who laughs at the law and throw a draft summons in the wastebasket. For M. P.'s just him in the army and overseas he goes as Private Green.

His natural instinct for getting into his mind, emerging from the war a full fledged major and a national hero. He is very impatient to get back to his old haunts.

In a city where he overshadows to be the family of an opera house he is offered the position of commander of Public Safety and a captain, to further his own interest.

Enter Haldin. Is the girl who knows him just a love him? He soon finds the city of all gangsters and then a secret coup. The gang becomes restless and decides to go ahead.

Then comes the most stirring bit of action you've seen in years. The crowd at the head of over two miles of mounted military officers to undertake a powerful gang of bandits. If there is a bit of a rebuff in you'll forget your duty city and cheer as you have never cheered before.

The hockey boys are now getting down to practice. For the last week or so some of the boys have been practicing on M. Bolinger's slop. Last night the first practice on the rink took place. The ice was not very good but it gave the boys some real exercise, and oh, how the modest are coaxed out of them. There were 100 players present.

All you fellows who have any ambition to play hockey by yourself you may get some real exercise, and oh, how the modest are coaxed out of them. There were 100 players present.

The annual meeting of the Meadowbrook Community Hall Association proved both an interesting and enjoyable affair for all present.

The following officers were duly elected for the ensuing year 1931: President, Henry Sammons. Vice-President, A. Wilson. Sec.-Treas., Robert Burns.

Directors: Mrs. Wilson, Mrs. Cal Kim, Messrs. Neil McMillan, Alex Buckley, A. N. McLeay and P. C. Bennett.

Financial statement from November 1929 to November 18th, 1930, certified by W. E. Thompson.

## Friends Looking for You

The entire country for miles and miles around at every angle of the compass, the pioneers of this big district are looking forward to once more meeting their old friends of many years standing at the Gleichen Old-Timers Reunion and Ball in the Gleichen Community Hall, Friday night, to talk over the good old days and swing once again the girls of the happy days of yore. As one grows older the more we reflect on the many little things that went to make pioneering possible on the great lone prairie, and there comes a longing to see old friends and call to mind the joys and sorrows of the long ago.

Next Friday is the date set for this happy reunion and the committee are working and striving hard to make this Fifth Reunion the most enjoyable of all. However, the committee is not divulging the surprises that will greet the old-timer and friends, but assure one and all they will not be disappointed.

Art Bremmer's orchestra takes the music story, for without his real old-time artists there could be nothing to an old-timers' ball in Gleichen. All want to see these veteran artists in full swing just as much as they want the good old squares, jigs, etc.

You will be greeted at the door by a committee of old fellows and from that moment on you are expected to make yourself at home and go back forty years in life and live over all the fun you ever had. Come early and stay late. And don't forget if you did not get an invitation come anyway and bring your friends and also leave your name with the committee so that next year you will not be overlooked when the invitations are sent out.

## BROADWAY'S QUEEN MARILYN MILLER STARS IN "SALLY"

Picture Based on Famous Musical Comedy Is All Talking and Color

Tuesday, December 2nd

The first all-talking pictures proved a great success in Gleichen and the next will be produced by the same company next Tuesday evening. Both the talking and colored pictures were exceptionally good and no doubt will fill the hall to capacity again.

Marilyn Miller, the darling of Broadway, brings her most successful musical comedy to the talking screen here next Tuesday evening.

The screen version of "Sally," which broke theatrical records in every large city in America, will be on view at the Gleichen Community Hall, next week, with Miss Miller playing the title role she originated on the stage.

"Sally" is an all-Technicolor, First National and Viaphone picture, all dialogue and with singing and dancing. It brings Miss Miller to the screen for the first time, and presents the charming star in the greatest role she ever played—that of the little dancer who becomes premier danseuse of the Folies.

A cast of unusual excellence will be in support of Miss Miller. Alexander Gray, who sang the principal role in the eastern company of "The Desert Song," is seen opposite the star. Three famous comedians are included in the cast.

"Sally" is one of the very biggest screen offerings of the year, and already has established Miss Miller as a favorite of the silver sheet, just as she has been the queen of the musical comedy stage.

The lilting melodies of the original stage play are augmented by new songs and dances, written especially for the picture.

EVEN BROADWAY NEVER SAW SUCH SIGHTS AS THESE UNTIL "SALLY" REACHED THE SCREEN

## "SALLY" a Great Musical Romance

—ALL COLOR, TALKING PICTURE 100% OF EVERYTHING

You'll Always Remember Five song hits including "Look For the Silver Lining" and four brand new ones.

GLEICHEN, ALBERTA.

Printing, Phone 12

A plot with everything! Human every minute with Bancroft in the greatest role. A Bancroft that the women will love, the men will cheer. Punch follows punch. Thrill comes upon thrill. Just the type of picture the public has been waiting years to see. The theme is serious, yet not too serious, a real Bancroft story. From the dens of the mists to the heights of action, from New York to France, just a touch of "Over the Top" action, and the stirring scenes made in downtown Los Angeles to insure perfect realism.

## Let these 6 vital Salts rid you of PIMPLES

Would you like quickly to free yourself of those irritating pimples, those unsightly blackheads, and that unsightly redness and swelling of the face? You would always reply "Yes" if you would to have eyes as dazzling and light as wind during in a summer's day.

Would you like to enjoy glowing health, with plenty of energy, and a rosy complexion?

Then take a quarter teaspoonful of Knechen salt in a glass of hot water every morning before breakfast.

Knechen is a combination of the six vital salts which cause the glands and body organs ought daily to receive from food of modern food.

Knechen swiftly clears your blood of those harmful acids which cause your skin to erupt—won't possess a skin like velvet, and a health perfection you didn't think possible!

## Parallel Drawn In Two Tragic Deaths

**Thomson Perished With R-101, Hus-kinson Killed By First Train**

A curious parallel is being spoken of in London between the death of Lord Thomson, Air Minister, who perished in the R-101 disaster, and that of the late Cabinet minister to be killed in an accident, William Huskinson, who met death almost an instant's time.

Huskinson, who was president of the Board of Trade, was knocked over by a train when he was attending in his official capacity the opening of the first British railway, the Manchester and Liverpool, which was then being opened.

His death caused a great outcry at the time against the new means of transportation. The moral does not need to be pointed out, British observers say.

## Canada Has Valuable For Farming Industry

**Over Sixteen Million Dollars Invested In The Breeding Animals**

For farming in Canada is now established as a leading industry. The latest available figures show that the industry today represents a capital value of \$226,000,000, of which \$15,000,000 is invested in pure breeding animals.

Three years ago the total value of fur-bearing animals on fur farms in Canada was placed at \$472,000. The latest available figures show that the investment of practically four years as much as in 1920. The silver fox has been the most popular, with an investment of \$1,027,278—an increase of \$100,000 over the year.

From the standpoint of investment value in the mink, which now represents an investment of about \$600,000. With a capital investment of \$258,258 the mink came next. This is an increase of 50 per cent over the preceding year and of \$258,132 over 1920. The next most popular is the beaver and other newcomers to the fur industry.

Government Grant Is A Protection To The Consumer

When a butcher or retail meat shop offers you "Choice" or "Good" beef don't be fooled into thinking it is government graded. Only the very best of Canadian prime beef carefully selected as to quality is government graded, and to protect the consumer's grades are branded in red and blue, the brand showing on every important retail cut. Ask for government grade beef "Choice" or "Good" for the very best and "Good" for beef of really fine eating quality, and watch the brand mark in red and blue on your dealer's delivery to you.—Dominion Department of Agriculture.

## LOOKING BACKWARD

(Continued from last issue)

In those days there were few threshing outfits, and the men who owned a threshing rig had a long line of customers who had to wait their turn and if the weather was bad, it would often be late in November before the last one got threshed. In the late season the ferry could seldom be run. Either the water became too low or the river was full of drift and it took so long to make crossing dangerous.

The farmers then, in order to pay their threshing bills, notes, etc., had to haul their grain to Gleichen around over the bridge west of Gleichen, or those in the eastern part of the settlement to Bassano where that awful grade up from the Bassano ferry. Loading up the day before we would have home at daylight and get to the Arrowood creek about noon where we fed our horses and ate our lunch. Then climb the bad hill up from the creek and after a few miles drive across the prairie, try to get down that frightful Little Axe hill near the bridge where the chain came off the harness.

As a matter of fact many loads went over the grade into the coulees, horses killed and drivers hurt. But that was all in the day's work. We would arrive at Gleichen after dark and if there were not many of us we might get unladen next day, in time to reach home, but frequently it took three days and the expense took a big part of the price of the load of wheat.

## Here and There

(624)

After a trip through western Canada during which he and his fellow-directors studied at close range business and agricultural conditions in the four western provinces, E. W. Bentley, chairman and president of the Canadian Pacific Railway, recently announced a programme of improvements and extensions to be undertaken forthwith by his railway which may be described as bold in conception and nation-wide in incidence. It is a programme advanced to the present time from next year and 1932 and is a far-seeing work for farmers and their stock animals and shows as much as possible of the surplus labor in towns and cities.

Speaking at Winnipeg after a tour of western Canada, with E. W. Bentley, chairman and president of the Canadian Pacific Railway, General Sir Arthur Currie said he returned to the east "more proud, more confident of the country than ever before." Admitting that the times were uncertain and anxious, Sir Arthur urged that wealth, opportunity and resources be turned to the aid of the nation-wide depression was "up to our men and women and I believe in the Canadian creed and the Canadian spirit."

As an instance of the creation of new wealth in Canada, he cited the Peace River country with its big game and its abundant supply of fur-bearing animals and its big game and its abundant supply of fur-bearing animals.

Occupying the white top floor of the Royal York Hotel, Toronto, Canada's most up-to-date radio studios were operated for the first time October 3, with the broadcasting of the Canadian Pacific Railway's "hour of cheerful and good music." It will operate a nation-wide radio broadcasting through the winter months.

How high can a fish climb? This is a question over which many eyes of anglers have stared and doubtless, "Many experts declare that 30 feet is the maximum for a fish to climb by means of a natural pathway. The Canadian Government Department of Fisheries in an official statement declares that fish in the Mersey River are climbing a railway 50 feet high and are missing the climb up the river without injury."

The work of flooding the rink has already started—the fun will soon follow.

## Expenditures For Relief Of Unemployment Have Been Given Approval

Ottawa, Ont.—Expenditures totaling more than \$37,000,000 for public works and undertakings through the Dominion to relieve unemployment have been given final approval. Announcement to this effect was made by Hon. Gildon D. Robertson, Minister of Labor.

Work proposals put forward by various municipalities and provinces, which the Dominion Government has endorsed, aggregate approximately \$14,000,000. A number of these undertakings are already under way. Construction and improvement programs for the Canadian Pacific and Canadian National Railways total \$22,603,000. Expenditure through the grade crossing fund is authorized to the amount of \$500,000.

Expenditures approved for the different provinces are as follows:

Ontario	\$10,000,000
British Columbia	1,857,000
Quebec	1,500,000
New Brunswick	400,000
Manitoba	1,475,000
Prince Edward Island	180,000
New Scotia	1,100,000
C. P. R.	5,000,000
C. N. R. (Approx.)	11,350,000
Grade Crossing Fund	500,000
Total	\$37,738,000

Proposed works and undertakings for Quebec and Alberta, with estimated expenditures, are expected to be received from the provinces and their municipalities shortly. Minister Robertson declared.

Upon their receipt they will be placed before cabinet council for expert advice as has been done in other provinces. Other proposed expenditures in Ontario, British Columbia, Saskatchewan, Alberta, Manitoba, Prince Edward Island, Nova Scotia and Yukon Territory will be submitted from time to time for Dominion approval and announcement of these expenditures will follow.

British Columbia Liquor Board Helps To Develop Trade With Commonwealth

Victoria, B.C.—Purchase of Australian wine by the British Columbia Liquor Control Board, the first orders for which are now being filled, has had a favorable reaction on the development of British Columbia trade with the Commonwealth, Premier Topley stated.

At the request of the government, the Liquor Board has placed orders for various Australian wines, comparable in quality to some of the best wines of France, the premier said.

T. attention of the province was brought to the desirability of increasing Canadian purchases from Australia if Canada wished to augment its lumber trade with its sister dominion, following a tour of Australia by British Columbia lumbermen last year. This was followed up by close cooperation between the two governments by Major R. L. Andrews, on behalf of the lumber industry.

### Helium Gas For Airships

Dr. Hugo Eckener Will Use Helium Gas and Crude Oil Motors In Zeppelin

Berlin, Germany.—Dr. Hugo Eckener, explorer and commander of the American Chamber of Commerce here by announcing that as a result of his negotiations with the German government, the dirigible R-101 he had changed the plans for Zeppelin now under construction. It had not been for the helium gas and crude oil motors.

The dirigible R-101, now under construction from the United States that helium gas, which is non-inflammable and non-explosive, would be available to inflate his airship in world quantities so far as he is concerned.

Dr. Eckener, who is world famous as commander of the R-101, in France several weeks ago would have been able to provide for helium gas and crude oil motors.

### Labour Secures Majority

Through First Division

London, England.—A majority of only 31 votes carried the Labour Government through the first division of the current parliamentary session.

This was regarded as a crucial test, for the balloting was only on a motion by the Conservatives party to amend the Speech in reply to the Address in Reply to the Speech.

Amendment was defeated by 281 votes to 250. The Speaker, Mr. B. H. Russell, and G. W. Forster, were declared in the ancient formula to be "men of good name and fame."

"They do not desire the freedom of the city whosoever they may desire," the King or this city of any of its rights, customs and privileges." So said the declaration of the King.

"They will pay their debt, bear their taxes, and so they all say." The Address in Reply to the Speech, introduced the new Premier, Mr. Ramsay MacDonald, who did not believe his reputation for plain speaking and anxiety to get things done, which admirable attributes are the more conspicuous on account of his previous hereditary and passionate loyalty to the empire.

Premier Bennett declared he felt the honor was conferred not on himself personally, but as an honor to the Dominion of Canada. He said that the declaration of the King, which was a return of the high regard which the Dominion of Canada had for the deep concern ever manifested in their progress and prosperity. Premier Bennett said that the Dominion of Canada was a great country.

### Brazil Establishes Provisional Government

Reforms and Democratic Election Promised By Brazilians

Rio de Janeiro, Brazil.—The Brazilian Provisional Government, which Dr. Getulio Vargas has become the head of the Provisional Government, plans to step out as soon as it has effected reforms and democratic elections will then be conducted.

This was the assurance of Dr. Osvaldo Aranha, associate of Vargas and just named Minister of the Interior and Justice in the Provisional Government, who told the Associated Press that the new administration was in receipt of the will of the Brazilian people.

"We have established a provisional government similar to that when the republic was proclaimed in 1889," he said. "We shall shape our program with the idea of making a real representative government and bringing the best administration into all departments."

## Christmas Time.....

And as long as Mother asked me what I wanted for Christmas, I'll just tell her about those Electric Waffle Irons . . . the smokeless, greaseless kind I can plug in whenever there are guests . . . It's no trick at all to make waffles with one.

While I'm about it, I'll call the Calgary Power representative myself and get one of those new type Electric Heaters . . . they're just the thing to warm the room when baby's having his bath . . . so clean and safe.

And come to think of it, I might as well get some of my Christmas shopping done with the Calgary Power Company. People are always pleased with Electrical Gifts.

## Town & District

All ready for Friday night's great reunion. 43

Hockey is once more the main topic with the young folks. 44

The main highway through to Calgary continues good for auto driving Friday night. 45

Yes, Gleichen will have another good bunch of hockey players this season. 46

Mr. Walter Miley returned home last week with a fine big boy. Both looking fine. 47

Old timers from a distance are said to be coming for the old timer's dance Friday night. 48

There will be a big turkey shoot at Namaka shortly. Date will be announced later. 49

The weather has been all that could be desired the past week—nice warm days and frosty nights, with a few snow flurries. 50

The Girls Guild are holding a white drive and sale of work on Monday December 1st, in the dining room of the Community Hall. Everyone is invited, admission 35c. 51

It is about time chasing about the town in order that particularly was stopped. More than one person has narrowly escaped being run over lately. 52

Mr. Griesbach said to the Call the other day: "It is twenty years ago since I built the theatre and twenty years since I incorporated Gleichen as a town." In those days Mr. Griesbach was our leading citizen, and he regrets . . . was never elected mayor. 53

Saturday night many Gleichen citizens were uneasy on account of the strong smell of wood smoke, but some coming in from the country from different directions reported the same smell, thus assuring the town people the fire was not within the town. My, however, took the precaution to look carefully all about their premises before retiring for the night. It was not until the arrival of the daily paper Monday that they learned the small came all the way from north of Edmonton, where a gasoline tank burst fanned ground fires in to roaring bush fires and caused the loss of thousands of dollars in the northern city by throwing roofs off buildings. Considerable damage was also reported from other points. In Gleichen, however, no damage was reported although the wis was blowing pretty hard for a few hours. 54

During the cold and stormy winter nights which are expected to be only too numerous during the next few months the Gleichen branch of the I. O. O. F. lodge have decided to originate a volleyball team amongst its members. S. E. Dufour has taken a particular keen interest in the matter and with the assistance of Tiger Lynn and L. Sather has already suspended a suitable net. Before volleyball can be played, however, in the Oddfellows hall the walls will have to be covered with cheese cloth or some other kind of hangings in order to prevent the ball from making the walls. This is a new sport for Gleichen, but judging from the enthusiasm in other towns and villages it promises to be the mean entertainment and will certainly help to pass many an evening by when out-of-door winds blows and the storm howl. 55

### A DESIRE FOR FRIENDSHIP

In some instances the cause is obvious. Ten-year-old Marion was caught pilfering money from the restaurant's cash-room. When seen she was poorly dressed, thinly clad, unkempt in appearance, and very unhappy. The family had recently moved to the district and Marion had found no friends. Her home life was bad, the mother ill, and the little girl had no all the house work. When asked why she took the money she said that all the other girls had ten cents to go to a movie show on Saturday afternoon but she never had a cent. She was very fearful and penniless. Obviously she was not a case for punishment. A sympathetic teacher offered to befriend the child and to give her a few cents weekly for cleaning brushes, running errands, and keeping her own hands and face clean. The results were immediate. For seven months Marion has been a model child in school. She goes to the movies once in a while, and above all feels that she is one of the "group." All that she needed was to develop some feelings of self-respect and of personal worth. 56

Riding moose across New Brunswick have been the subject to rate as the coming new craze, says Mr. Miley, noted sportsman, York sport and magazine writer, who has been spending a full week in the Miramichi and Chaleur River basins to the present the moose ridden have been from the Miramichi and Chaleur River basins. N.J. appears to be the first who has ridden a bull moose which was done in the Key Hole of Fredericton. Now other sportsmen are taking up the pastime until it begins to look as though sportsmen in New Brunswick will be getting the habit of crossing lakes and rivers on mooseback. 61

Officials of the Moose's Grain Exhibition and Conference to be held at Regina July 25 to August 6, 1931, recall that farmers in the States of Missouri and Kansas are keenly interested. Carries of both oats and corn from these states are to be exhibited at the Exhibition. Over \$200,000 is to be offered in cash prizes and in money prizes as many as fifty prizes will be awarded. First prize for wheat will be \$2,500 and first prize for corn \$1,500. 62

Flag poles are found at the best and highest in British Columbia. Recently one was sent the Panama Canal all the way by water to the Toronto National Exhibition. It was 177 feet high, 21 inches in diameter at the base and 9 1/2 inches at the top. This young plant was 23 years old. The dainty of them all is at the famous New Gardens, London, England, and is 241 feet high. 63

This year's crop of grapes in the Niagara Fruit peninsula, between Hamilton and Niagara Falls, is expected to reach about \$2,000,000 pounds, an increase of 15 per cent over the 1927 crop. 64

Motor tourist travel from the United States to New Brunswick has been 50 per cent greater this year than in 1927, according to statistics covering the season up to August 31, compiled by the provincial government from official returns submitted by the 25 points of entry along the international boundary. The number was 25,531. Annual increase each year has been recent, and this difference this year is attributed to better advertising by the provincial government. 65
